

# POWER PLANTS

HOBBY EDITION

GAME DESIGN BY ADAM E. DAULTON  
ART BY APOLLINE ETIENNE

1-5

8+

30'

Every wizard in the neighbourhood knows that the best spell components are grown fresh. Unfortunately, there is just one particular plot of fertile soil in the area that is the best for growing magical plants. Everyone agrees to “share” the garden, but you have a plan; your loyal team of Sprites will use the powers of the plants to infiltrate the garden as it grows, so that when everything is in full bloom, the most potent patches will belong to YOU!

- Stock Number: KTG8002
- MSRP: \$49
- UPC: 653753438219
- Country of manufacture: China
- Unit size: 215 x 295 x 55mm
- Case count: 8 units

- Gorgeous wooden tiles and lovely art
- Gateway area-control experience
- Simple rules that are a breeze to learn
- Fun solo mode makes it playable any time
- Perfect for your game group and your family
